VOLUME XLV — UKIAH CITY, MENDOCINO COUNTY CAL., FRIDAY MORNING, OCT. 18, 1912 — NUMBER 1

MEETS DEATH IN BURNING HOUSE

Mrs. Mary Kelly, mother of Geo. Kelly, who is employed in Hamer's stable, met death last Monday morning in a fire which destroyed the house on the old Perkins place on Perkins street east of the depot.

The fire started about 4 o'clock in the morning and its origin is a complete mystery. Mr. Kelly and a young boy who were also in the house, barely escaped with their lives, Kelly being badly scorched around the face while rescuing the boy. He states that when he was awakened by the roar of the flames the entire front of the building, where his mother slept, had fallen in and she was past rescue.

He says also that she was subject to bad attacks of heart trouble and he believes that she might have been up with a light, been taken suddenly with an attack and fallen, setting the house afire. It is hoped that the lady was at least unconscious if not dead, for her fate was a most horrible one if she was alive and conscious.

Whent her remains were taken from the ruins it was found that the limbs had been almost completely destroyed and the trunk was held together with difficulty. The coroner's jury returned a verdict in accordance with the facts, and the remains were buried Tuesday.

The building was the property of the Perkins estate and was a total loss, there being no insurance.

REDUCES RATES ON DRIED FRUITS

The Railroad Commisson has arranged for a general reduction in the rates on dried fruit from points on the Northwestern Pacific Railroad in Sonoma and Mendocino Counties to San Francrisco. The decreases will redound to the advantage of the growers and distributers.

The reductions in the rate per ton are as follows:

From	per Ton.	per Ton.
Fulton	$2.30	$1.80
Windsor	2.90	2.20
Headsburg	3.10	2.60
Lytton	3.70	3.00
Geyserville	4.10	3.20
Cloverdale	4.40	3.40
Pieta	4.40	3.80
Hopland	4.40	3.80
Ukiah	5.00	4.60

A large section in Sonoma and Mendocino Counties is given over to fruit growing, and the reduction in rates will serve to stimulate the industry, enabling the orchardists and growers in that section to place their products in the San Francisco market under conditions far more favorablel than heretofore.

HOP GROWERS HERE WANT BIGGER PRICES

The hop crop in Ukiah valley is estimated by Frank Albertson to aggregate between 14,500 and 15,000 bales, one of the biggest that has ever been picked here. Not only that, but, while the crop in nearly every other part of the the world is of very poor quality, Ukiah hops are for the most part first class; indeed we have some of the finest hops that ever went to market.

In the light of this Ukiah growers are standing out for good prices. They have been offered 20 cents in some cases, but they are laughing at this offer and are holding out for 25 or better. The offers for the most part are from Sonoma county dealers who sold short and are trying to cover, Sonoma County hops being almost a ailure as to quality.

Water Bonds Carry

A special telpehone message to the Dispatch from Fort Bragg last night states that the water bonds proposed by that city for $75,000 carried at the election yesterday.

Preston Peterson, son of W. Peterson, of Fort Bragg, who was hurt in railroad accident at Caspar the first of the week, died in a Fort Bragg hospital yesterday.

Dr. Hickox and family, of Hopland, were in town yesterday.

REGISTRATION IN COUNTY

Total of 8746 Names on the Roll Indicates Great Intesest In Coming Election

That the people of Mendocino county are taking a big interest in the coming election is evidenced by the results of a tabulation of the registration over in the clerk's office. Clerk McCowen and his deputies have been as busy as a hive of bees since the registration closed on the 5th numbering the names and getting out the copy for the index to the great register. The result shows a total of 8746 names on the register. The women have registered in fairly large numbers, but not nearly so generally as they should.

Following is the table of figures in regard to the registration.

FIRST DISTRICT

Anderson 228, Counts 89, Haney 28, Philo 134, Pine Mountain 22, Sanel 396, Yorkville 85, McDonald 57, Total 1039.

SECOND DISTRICT

Calpella 176, Hot Springs 26, Lower Potter 86, River 219, Riverside 73, Upper Potter 168, Ukiah 351, Ukiah No.1 533 Ukiah No. 2 446 Ukiah No. 3 229. Total 2307.

THIRD DISTRICT

Blue Rock 27, Eden Valley 13, Independent 32, Irmulco 51, Jackson 45, Little Lake No.1 731, Little Lake No. 2 173, Little Lake No.3 63, Long Valley 137, Reservation 41, Round Valley 353, San Hedrin 24, Scott s Valley 46, Sherwood 70, Twin Rock 63, Two Rock 41. Total 1910.

Marriage Licenses Issued

A marriage license was issued last Saturday to F. M. Thomas, of Kelseyvlle, and Dora Pool, of Lakeport; last Sunday to J. C. Hamer, of Utah, and Arille V. Hill, of Inglenook.

CITY TAX RATE SET AT $1.20 A HUNDRED

The board of town trustees met last Monday for the purpose of setting the tax rate for the current fiscal year. The rate was set at $1.20 on the hundred, a reduction of 5 cents over that of last year. The rates on the various funds are as follows:

Sewer bond fund 16c, electric light bond fund 11c, street fund 33c, library fund 10c, general fund 50c.

The contract for constructing the storm drain on North State street preparatory to putting in the pavement was awarded to J. H. Barker and Son for $374.

Has Rural Delivery

Bert Van Nader was appointed rural mail carrier this week and will handle the job in the future, provided the Government will issue him special permit to carry the mail by auto. The permission has been applied for; if granted the people on the route will enjoy a service hours in advance of that hitherto provided them.

Chris Hansen was down from Willits on business Wednesday.

E. M. Travers, a well known resident of Potter, was in town last Tuesday.

George Pinches and wife came down from Laytonville yesterday for a short visit in Ukiah.

A marriage license was issued this week to Geo. T. Hardick and Miss Bertha Moore, both of Willits.

H. S. Tregoning was over from his home at Caspar this week and remained in town several days on important business.

HARRIS' SUPPORT SLIPPING AWAY

Special to Dispatch.)

Hopland, Cal., Oct. 15—The supporters of J. W. Harris for supervisor are totally demoralized for they realize that their candidate's fight has gone all to pieces. It was based on hot air, prejudice and petty politics from the beginning, combined with Harris' attitude of attempting to carry water on both shoulders on every question. Supervisor Lawson has been here since the last meeting of the board and made a close canvass of the precinct and expressed himself entirely satisfied with the situation. He has been big and broad and has been supervisor for every section of the district and the county at large. He is making his fight on his splendid record and has refused to stoop to small things. He has served on the board for eight years, has a standing with his fellow members and is chairman of the board. It stands to reason that he can do more than a stranger. It wonld take Harris eight years to get where Lawson is now. What does this side of the mountain want of a supervisor? They want good roads, good bridges and an efficient administration. Hasn't Supervisor Lawson given us the best we have ever had? Could a local man do more? No, he would not be able to do as much until he became acquainted and gained influence. The people here are satisfied with Superviser Lawson's administration and the taxpayers and those who use the roads most want Lawson back on the board. There are about 1,000 voters in the district, 396 of which are registered in Sanel precinct. Lawson will get at least half of these and will carry the Anderson valley section where the most votes are by at least three to one. He will also carry Hopland by his usual majority 25 or 30.

BIG MILL COMPANY TO OPERATE HERE

Articles of incorporation were filed here this week for the Pacific Redwood Lumber Co. The articles show a capitalization of $250,000 and the principal place of business will be Ukiah. The articles were filed by Preston and Preston acting for a big syndicate of eastern people.

The company has bought 600 acres of Redwood timber in the Reeves canyon and have options on practically the remainder of the timber in that watershed. The mill will be located in the heart of the tract and will have a capacity of from 50,000 to 75,000 feet a day. It is stated that operations will be begun next spring.

The company will make Ukiah their shipping point and will have a big yard here. The output, of the mill will be transported here by big auto trucks.

Needless to say this will be a big stimulus for the entire valley. Ukiah needs a pay roll and needs it badly and here is a beginning. With the Lake County Canning Co's plant here and a railroad across to Lakeport in addition to the lumber mill who will venture to say that Ukiah will not boom?

MISS ERA HAWN DIES FROM OPERATION

Miss Era Hawn, daughter of Mr. and Mrs. J. F. Hawn died yesterday evening at 6:30 at the Malpas hospital as a result of an operation for rectal trouble. The operation was performed Wednesday of last week and the young lady had failed steadily since.

Her mother is prostrated with the shock and is very ill. Mr. Hawn, who is in Modesto, is expected home today.

Miss Hawn's death comes as a shock to the family's many friends who had been assured that she was progressing nicely. Her heartbroken relatives have the sincere sympathy of all in their bereavement.

Mrs. Geo. Ells, of Covelo, is visiting Mrs. A. McCorquodale at the latter's home in Ukiah.

WILL ORGANIZE A CHAMBER OF COMMERCE

A number of Ukiah citizens have arranged for a banquet at the Palace hotel next Wednesday evening at which the intention is to perfect arrangements for the organization of a chamber of commerce for Ukiah.

A number of attempts have been made to start movements of this kind in the past but they have usually proved abortive and the merchants' association is about the only organization of the kind that has ever held together long enough to be called a success. The present movement seems to be spontaneous however, and has been suggested simultaneously from several sources, so it would seem that the time might be ripe for launching a chamber of commerce and getting away with it successfully.

At any rate it is badly needed and it is to be hoped that there will be a good turnout Wedneday evening and that something permanent may be accomplished.

Dog Case Settled

The case of A. V. McNab vs. Homer Marshall, a civil suit for damages over the killing of a dog belonging to McNab, came up for trial in the Superior court this week. The defendant failed to appear and judgment was given for $150 on acconut of the dead dog and $50 more damages to the rest of the kennel on account of the loss of their leader.

Some Big Peaches

W. I. Bailey was showing some fine peaches around town this week and left eight at Foster's store to serve as an exhibit to the San Francicso merchants who are coming next week. The eight weighed 6 3-4 pounds. They were raised at his home in the western part of town and are of the Orange Cling variety.

SUPERINTENDENT HYATT PRAISES BABCOCK

The Sierra Educational News, the leading Pacific Coast magazine devoted to educational matters, contains in the number for October a very high tribute to the work of Superintendent Babcock of Mendocino County. The article is written by State Superintendent Edward Hyatt and is entitled "With Superintendent Babcock in Mendocino".

Mr. Hyatt voices his approval of Mr. Babcock's methods when visiting schools giving an imaginary dialogue between Mr. Babcock and a teacher illustrating his way of indicating what is expected of the teacher without giving offense to the latter. The article was written after Mr. Hyatt had accompanied Mr. Babcock on a tour of the schools in this county last August.

Superintendent Babcock is rapidly gaining a statewide reputation and is much in demand at institutes and other edcuational gatherings.

Geo. Skiffington came over from his home near Comp tche the first of the week and remained in town several days on business.

LADIES' BAND WILL GO TO MENDOCINO

The Ukiah Ladies' Band will go to Mendocino on Saturday, Oct. 26th for the purpose of taking in the Mendocino apple show. The band has been engaged to give a concert and entertainment the evenings of the 26th, which will be the closing day of the apple show.

Reports from the coast are to the effect that the apple show this year will embrace a fine exhibit. There will be displays from the enire coast section, Anderson valley and Humboldt county.

Ukiah should turn out well for this. Menodcino patronized our hop festival and always speaks well of us and a good attendance from Ukiah would go far toward fostering a friendly spirit between the two towns.

H. O. Bowers was down from Potter valley on business this week.

SUPERIOR COURT NOTES

New Cases Filed the Past Week. Minutes and Orders as Copied from the Clerk's Record

Edwin Flanagan has filed a petition for letters on the estate of his deceased father, John Flanagan, through his attorneys, Preston and Preston. The estate is estimated to be of the value of $1200 and the petitioner and his sister are the only heirs.

Through McNab and Hirsch Edward Dearborn has filed a petition asking for letters of administration on the estate of his mother, Mrs. Ada Dearborn, who was killed in an auto accident near Mendocino recently. The estate is valued at about $7000 and the petitioner and two grandchildren, Charles and Grace McCormick, are the only heirs.

M. H. Iversen and Preston and Preston have filed a petition on behalf of Mrs. Christina Nelson of Fort Bragg, for letters of administration on the estate of her deceased husband, Jacob Nelon, who died Oct. 25, 1907. The estate consists of real and personal property situated at the tunnel near Fort Bragg. There are 9 heirs.

Mary F, Williams has filed a suit for divorce against Wilber Williams, alleging neglect and failure to provide. Preston and Preston are attorneys for the plaintiff. The parties were married in Montana in 1906.

Ella Shorey has filed a suit against Carroll Shorey through Preston and Preston. They were married in Minnesota in 1901 and there are three children of which she asks the custody.

Lomenda Scott through her attorneys McNab and Hirsch, has brought suit for divorce from F. C. Scott alleging intemperance. They were married in Lakeport in 1908. She asks for the return of her maiden name of Henry.

Lenore H. McNary, through Pemberton and Hale, has sued for $40 a month alimony from her husband, Oscar McNary, without divorce. They were married in Ukiah Feb. 14, 1912. She asks for attorney fees and cost.

Papers in the case of the People vs. S. Banahan were received this week from Judge Will Huntley of Sanel. Banahan was arrested on a battery complaint sworn to by Eugene Vassar and plead guilty, paying a fine of $10.

PERKINS STREET OWNERS BUILDING GUTTERS

The property owners on West Perkins street deserve a great deal of credit for the enterprise they have displayed in building curbs and gutters on that thoroughfare. The work on both sides of the street has now been finshed and a curb and gutters extend clear from State to Wurt avenue. In a spirit of cooperation the street committee has been at work grading Perkins and rounding it up with a clay surface and the result is a fine thoroughfare.

The building of curbs and gutters on Eaat Perkins will now be taken up by the board and already, a diposition to cooperate has been displayed by the property owners there. When all this work is completed Perkins street will be about the best fixed one in town.

Pays his Fine

Jim Lane, of Rewdood valley, who was arrested by Game Warden Miller on a charge of selling deer meat, has settled the affair by paying his fine of $25.

A number of well known citizens of the south coast are in town in connection with the case of the People against A. N. Sweet. Among them are Peter Christanson and T. Raxworthy, of Point Arena, Chas. Schlachter and wife, Hans Christianson, John Schaaf and wife, S. W. Reinking, Al and James Hepworth John Dahl and wife, all of Manchester.

Harry Docker was in from Comptche Tuesday.

ALAS AND ALACK! SUCH A "BOOZINESS"!

You woulndn'think it of Ward Ries. No, indeed! With his round, plump little angel face and his pretty pink and white complexin you would think butter would melt in his mouth. He doesn't look ilke a gumshoe man. If he only had wings and a bow and arrows he could pose as the cherubic love god and get away with it.

But Ward belies his appearance. At least that's what they say at Guidiville.

Several weeks ago information was placed with District Attorney Duncan that booze was being sold by Ida Guidi without a license. Duncan called Byrnes in and between the two of them they decided to put Ries of the angel face on the job. A position was obtained at the state hospital for Ward and he was soon doing the great white way at Guidiville with the sportiest crond in the hospital. After serving about a week he concluded he had evidence enough and a raid was made. Two barrels o whiskey and a case of beer were taken in the net and they will go into the sewer as soon as the case is settled.

And aWrd goes around looking decent people in the face.

Byrnes says he is one of the best detectives he ever had on the job.

SWEET TRIAL ON IN SUPERIOR COURT

The case of the people vs. A. N. Sweet, of Manchester, charged with rape on the person of the young daughter of Peder Christiansen, of Manchester, came to trial in the Superior court before judge White and jury yesterday. In his address to the jury preliminary to the opening of the trial District Attorney Duncan outlined the case, and if statements he made to the jury regarding things that he expected to show are proven in the trial it will go hard with the defendant.

Extraordinary interest is lent the case on account of the face that Sweet is a North Methodist minister. Mr. Duncan stated that he expected to show that Sweet had enticed the girl to the church alone at certain times under the pretext of preparing outlines of the Sunday school lesson; that he had gradually in talks on her health and physical condition undermined her sense of modesty at the meetings until he had accomplished her downfall.

The jury was secured yesterday morning and the prosecution expects to close its case today.

BELL AND ZUMWALT TO ADDRESS UKIAHITES

The state central committee have wired Chairman Hutchison of the local democratic committee that Hon. Theduore A. Bell and I. G. Zumwalt will address the people of Ukiah and vicinity on the political issues of the day on next Friday evening, Oct. 25th. This will be the big rally of the campaign for the democrats. People are expected from Hopland, Calpella, Potter and Willits. Let every one turn out to hear these able exponents of democratic principles.

A Narrow Escape

While picking apples in his orchard near Ukiah last Saturday, W. N. Dutton fell from a tree and dislocated his neck. Dr. Litfchild was called and put the vertebrae in place. It was narrow escape from death, and a slightly further dislocation would have resulted in a broken neck.

Mrs. B. F. Branscomb arrived in Ukiah yesterday and will spend a few days viisting Chas. Ward and family, Mrs. Ward being a daughter. Mrs. Branscomb has just returned from a month's visit to her girlhood's home in Missouri, her first trip to that place since she left it at the age of 16 to come to California. She will proceed to her home in Jackson valley in a few days.

Arthur Gray, manager of the company's store at Northspur, was in Ukiah this week, being summoned as a juryman.

MENDOCINO WINS MEET

Triumphs Over Fort Bragg High by Narrow Margin of 9 Poinss

Despite the previous confidence of the Mendocino High School lads that they would walk away with the Fort Bragg-Mendocino dual meet last Saturday, it was a close and exciting contest. Not until the last event was completed was Mendocno certain of victory and then only by a meagre margin of 61 to 70. Nine points is not much of a win in a dual meet. The weather was cold and not conductive to fast time, but there were several fine races. The best was probably the quarter which was won by Hansen of Mendocino with Taylor of Fort Bragg and Kent of Mendocino trying for second. Taylor led until the beginning of the last turn when Hansen forged past.

Kent of Mendocino, did not catch Taylor until within a few feet of the tape. The Fort Bragg boy is but a freshman and runs with a fine easy stride. It was easy to see that he was not in good form Saturday, and with four years to go he will surely develop into one of the best quarter milers that the coast has ever produced.

Bolden, the dark horse winner of two weeks ago, again proved his supremacy in the mile. Young Nelson also showed his heels to the Mendocino runners in this race. He is a hard workers and is improving fast.

Berkovits, as usual, was the biggest point winner for Fort Bragg, taking a total of 20. Foye was second in point earned for Fort Bragg. He annexed 14.

Boyle of Mendocino is the fastest school boy on the coast and is a promising runner.—Chronicle.

Preston Peterson Hurt

Preston Peterson, the fourteen year old son of Wm. Peterson of Caspar, was seriously injured to day. The lad was riding on the Caspar logging train with his father, and on starting down the Hare Creek grade the train pulled apart, leaving three trucks attached to the engine and four disconne ted ones behind the train.

The four that had become uncoupled gained speed as they came down the grade, and the forward brakesman warned the engineer that the only way to avoid a collision would be to speed up and thus give the rear brake man time to stop the runaway car. The engineer evidently understood the directions, however and stopped the engine. As the detached cars hit the train all seven cars telescoped and jumped the track. Young Peterson was on the third truck and was thrown beneath the cars. One of his legs was severed above the knee and he is now in a critical condition.—Chronicle.

WOMAN'S SUFFRAGE

(By Hugh K. McClelland, M. D.)

I have been requested by the Women's Democratic League of Ukiah to define my position on woman's suffrage. Through the courtesy of the Editor of the Dispatch-Democrat, I will be pleaaed to do so.

I approach this subject with a marked degree of timidity, knowing the sensitive nature of woman as regards things personal.

Woman have been in the lime light ever since Eve "cut up such a caper" in the Garden of Eden.

In nature we have the positive and negative, the male and female, principles, no matter where we turn. The decending and ascending arc of the circle carries with it in equal poise and balance and potentalities of either male or femrle ego. Spontaneous generation has been given up by naturalists, biologists and chemists as outside the ken of human knowledge or finite discernment. Consequently, back of the moneron, an equal race took place for the rounding out of the male and female attributes, and they are about as equally manifested on the one side as on the other.

Bergoine, the Scotch spiritual adept, in speaking of the origin and destiny of man, says:

"From an infinite source midst realms of light,
An offspring from God my soul took its flight;
To gain midst matter with its trials and pain
"The knowledge to carry it homeward again."

Now, if nature showed no partialit when the bell tapped to start the race on its long journey, as a matter of right and justice, equality should appeal to all men and women in an advanced stage of evolution at the crowning glory and aim of all animate life as pertains to man and woman.

Mathematical astronomers, in order to measure the distancel of stars, establish a corrcet base line, then they look for reliable measurements. Now, if I have mapped out a scientific starting point, it follows as day follows night, that no favors were shown or intended in the beginning of human life, unless possibly woman was given a little more than her share of beauty and grace.

I have no disposition or desire to enter upon a comparative analysis of the deeds of heros or heroines in the drama of life as we find it today. My contention is, equality before the law as made manifest to our higher sense of justice. That them male ego shonuld take unto itself political rights and privileges to the exclusion of our dear sisters, forces me to call another winess. If man is the only and favored possessor of suffrage, the question is, does it do him honoras commensurate with high and exalted ideals as lived in the lives of women?

Anatomists have puzzled their brains and dulled their scalpels to find in the gray matter of brain composition the distinctive difference or dividing line between man and woman and have given up in despair.

If the Father of us all placed on the objective plane man and woman with an equal thirst for patriotism and human liberty, why not the equal realization to both of all that come from a fullness of inherent deisre?

A large percentage of men in this country have proved failures as political leaders, owing to a lack of knowledge of the underlying truth that permeates in and through the "Divinity that shape our ends", and upon which our government rests.

The intuitive sight of woman reaches down to the deptbs and grasps Divine wisdom, which fits her as an exponent of all that is beautiful and charming in the life of a government "for and by the people".

So I take off my hat to woman, the flower and fruit of this nation, as well worthy to wear a wreath with the inscription: "I am a Suffragette, in full possession of all the rights politically and religiously, as enjoyed by man."

Thus realizing the burden and responsibility placed upon you, it is meet and politic, that, it in order to reap the full benefits and experience the thrill of a well-grounded patriotism, you should each and all give your most enthusistic support to, and cast your vote for Woodrow Wilson, the defender of woman' castle,—the home and fireside.

Good Work for Reynolds

Supervisor Reynolds returned Wednesdy evening from Ukiah, where he attended the meeting of the board. Yesterday he went down the coast to inspect the building of bridge and repair work. Mr. Reynolds is making good sa a Supervisor and the people appreciate the work he is doing.—Record.

HOPLAND RANKS SECOND

Next to Willits in Display at Caunty Fair Last Week

(Special to Dispatch.)

Willits, October 16—The County Fair was larger and better than the most sanguine of us had hoped for. It was a revelation even to those who have lived here all of their lives to see what a varried assortment of choice products can be raised here. To the outsides it was also an object lesson and we are told that three ranches were sold on the strength of our Fair. The choicest of the premium winning products were shipped to San Francisco and placed on exhibition in the Ferry building Mr. Dursey, an employee of the California Developement Board came up to selec and pack the exhibit, amongst whicht is 34boxes of apples.

Mrs. C. A. Edwards, of Echo received tne blue ribbon for citrus fruits exhibit and this display was all sent to San Francisco for the Mendocino county exhibit.

Next to Little Lake Hopland carried off the most premiums, and this was followed by Potter valley. Ukiah Creamery carried off first premium in butter and Charles Luce had the best exhibit of grapes. Saturday was a record breaking day as far as crowds go for this was Sonoma County Day and the big excursion train brought over 1000 people from our neiighboring county. It was the largest excursion ever brought to Mendocino county and it took two locomotives to pull it over the hill.

The bills are not all in yet but they will amount to considerable more than $2,000.00, which does not include the $1000.00 given by the county for premiums.

The gross receipts amount to about $1700.00. Before we started the Fair our business men subscribed a guarantee fund of $2000, and we fully expected to have to make good a deficit. The assessment on our guarantee fund will probably be about 25 per cent.

We are all satisfied, however, and are already planning to have a big exhibit at the Fort Bragg County Fair next year.

Reillenger Not a Suicide

In the last issue of the Chronicle, appeared the news of the death of Samuel Reillenger of Fort Bragg whose body was found in Stowe Lake Golden Gate Park, San Francisco. According to all information obtainable at that time the death was suicide. The Corner's jury, however, after hearing all evidence available, made a report of accidental death.

It appears that Reillenger was in the best of spirits previous to the accident and was being successfully treated by the doctors in San Francisco for his injured arm.

He was fond of walking and liked to take long strolls for pastime and exercise, and it is now the belief of his friends that while sitting in the park near the lake he was struck by some speeding automobile. The accident probably killed him and his body was thrown into the lake to cover up the tragedy. His back showed evidence of blow and his hand was still in his coat pocket, as he always carried it, when his body was taken from the lake. His hat was never recovered and this act would dispel any idea of suicide.—Chronicle.

ALL BOWEL TROUBLE.

Will The REAL FREEMEN Uphold Wilson's Hands?

Woodrow Wilson has refused emphatically to accept contributions to his Campaign Fund from the Interests, from corrupting influences, from any questionable sources.

He has given us, the Democratic National Committee, to understand that he will go into the White House with clean hands or not at all.

Who Is Getting The Money of The Trusts?

So sure has been Wilson's stand, so well known his incorruptible purpose, that no private interests have dared to approach either our candidate or his committee.

We have not been offered a penny by the trusts, and we certainly have not solicited a penny from them. The money of the Interests is being spent **against Wilson.** No matter for whom—we need not discuss that here—it is now common gossip that the money power of the nation is being used in an attempt to defeat Woodrow Wilson.

What Is a "People's Campaign?"

We are addressing ourselves to **the real freemen of America,** the upright, Progressive Voters of the country who are doing the **work** of the nation and not the work of trusts and bosses.

We realize that the salvation of every righteous cause rests with you.

Often this cry of a People's Party or a People's President is raised by the very forces we seek to defeat and whom we must and will defeat. But look to our standard and our standard bearer and decide yourself as to which is the People's Campaign and must, therefore, be fought with the People's money.

Woodrow Wilson Has Clean Hands

Woodrow Wilson is the cleanest man in national politics

He came of illustrious forefathers, who laid by blood and heredity the foundation of a future President through generation after generation of upright record.

If Wilson is to be elected it must be by clean money and there is only one source of such money—from the voters of the country who realize the importance of having a government uninfluenced by the almighty dollar.

Wilson's hands are clean.

Will **you** uphold them?

How Much Money Will You Give? How Much Can You Raise?

There are big campaign expenses to be met if we are to win on Election Day in November. We must tell the voters of the country about Wilson, what he is, what he has done We must show them his record. We must show them his platform. We must point out to them the features of his platform which mean so much to this nation. This great work will cost a lot of money. We must meet the usual heavy toll necessary to present a platform and a candidate to a hundred million.

Your dollar, your $5, your $10, your $20 is needed. And don't mistake—we want the man who can only afford the one dollar. We need him. We need the woman who can only give one dollar. We believe in this kind of loyalty—it's the kind that wins.

Let every one contribute to the Woodrow Wilson Campaign by the first mail. Let's have as big a fund as the corporations can supply the other parties. For the people are mightier **even in money than the Combinations—when they get together.**

A Call To Those Who Will Club Contributions

No live progressive voter can do more for Wilson's cause than to head a list with his own contribution and then to have his fellow-workers and friends swell the total with their names and money.

If you work in an office or factory, mill, warehouse, on a railroad, ranch or farm, start the ball rolling. Line up the Wilson men. Sign up as many contributions as you can. And mail to us.

How To Contribute To The Wilson Campaign Fund

Sign the Coupon in this corner and fill in the amount you give. Then attach your money to this Coupon and mail today to the address given on the Coupon.

Issue all checks, money orders and address all contributions to C. R. Crane, Vice Chairman Finance Committee, Democratic National Committee, 900 Michigan Avenue, Chicago, Ill.

Then write a letter to this paper giving your name as a contributor and stating your reasons why you believe Woodrow Wilson should be elected President of the United States. In this way you will be listed as a Wilson contributor. A Souvenir Receipt, handsomely lithographed, well worth framing, will be sent to you. Your letter will help the fight by encouraging your friends.

Woodrow Wilson Campaign Fund
LOYALTY COUPON

To C. R. CRANE, Vice Chairman Finance Committee, The Democratic National Committee, 900 Michigan Avenue, Chicago, Illinois.

As a believer in the progressive ideals of government represented in the candidacy of Woodrow Wilson for President of the United States, and to the end that he may take the office free-handed, untrammeled, and obligated to none but the people of the country, I wish to contribute through you the sum of $..... toward the expenses of Gov. Wilson's campaign.

PEROXIDE'S MANY USES.

It Is a Valuable Antiseptic and Can Be Employed In Other Ways.

One of the most powerful bleaching agents employed in various trades is peroxide of hydrogen, also known as hydrogen dioxide and oxygenated water. The natural color in ostrich plumes is removed by it, and it will also bleach a great number of other things, such as bones, ivory, silver, wood, silk, cotton and hair. It can be used to restore the color to old oil paintings which have become darkened by age.

Peroxide is a valuable antiseptic and will also destroy objectionable microorganisms in water. It can even be used to cure indigestion, but for this purpose as well as for other medicinal uses it must be diluted. A drop of pure peroxide is strong enough to raise a white blister on the skin.

Minute quantities of peroxide of hydrogen are found in the air, in rain water and in snow, and it is sometimes found in the juices of certain plants. The liquid is produced on a large scale by the action of acids on peroxide of sodium. The solution may be concentrated by allowing the water to freeze out, by passing dry air through it or by evaporation in a vacuum over sulphuric acid.—New York Sun.

Brother Jonathan.

The origin of the term "Brother Jonathan" was as follows: When General Washington went to Massachusetts to organize the army he found a great lack of ammunition and of other necessary means for the conduct of the war, and at one time it seemed quite impossible to arrange things properly. Jonathan Trumbull was then governor of the state of Connecticut, and the general, who placed complete reliance on his excellency's judgment, said, "We must consult Brother Jonathan." He did so, with the satisfactory result that the governor was successful in supplying many of the pressing wants of the army, and thenceforth, whenever difficulties arose and the army spread over the country, "We must consult Brother Jonathan" became a common saying until it passed into a nickname for the whole country.

Oriental Justice.

A young man going a journey intrusted a hundred dinars to an old man. When he came back the old man denied having had any money deposited with him, and he was had up before the Khazee. "Where were you, young man, when you delivered this money?" "Under a tree." "Take my seal and summon that tree," said the judge. "Go, young man, and tell the tree to come hither, and the tree will obey you when you show it my seal." The young man went in wonder. After he had been gone some time the Khazee said to the old man, "He is long—do you think he has got there yet?" "No," said the old man; "it is at some distance. He has not got there yet." "How knowest thou, old man," cried the Khazee, "where that tree is?" The young man returned and said the tree would not come. "He has been here, young man, and given his evidence. The money is thine."—Oriental.

Seven Days In a Year.

At the examination of pupils in an English primary school the inspector put questions at random to the scholars. Among the latter was a towheaded lad who, on being asked how many days there are in a year, answered, "Seven." When the tittering of the rest of the class subsided the inspector remarked: "I said a year, not a week. Now try it again. How many days are there in a year?" The lad appeared nonplused and vexed for a moment, then ejaculated: "Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday—just seven. If there's others I never heard of 'em.'"

The Clever Osteopath.

A certain osteopath was treating a young lady who had very weak ankles and wrists. As she lived in a town quite a distance from his own city he was forced to leave the city Saturday of each week and go to the town in which the young lady lived, give her the treatment on Sunday and return to the office on Monday. A friend once asked the osteopath how he had arranged to give the young lady the treatments for her ankles and wrists when she lived at such a distance, and the osteopath replied, "Oh, I go out and treat her week ends."—Lippincott's.

Bay Tree Beliefs.

Long before the time of Shakespeare the bay tree was an object of superstition. The withering of such a tree was believed to be a sure indication of coming misfortune to those with whom it was in any way connected. Shakespeare gave voice to the superstition in "Richard II." when he made one of his characters say:

'Tis thought the king is dead; we'll not stay—
The bay trees in our country are withered.

It was thought by the ancients that lightning would never harm this tree, and it was customary among them to carry bay leaves as a charm against the thunderbolts of Jove. The same belief was long prevalent in England, and reference to it may be found in an old poem dedicated to Ben Jonson:

I see that wreathe which doth the wearer arme
'Gainst the quick stroakes of thunder is no charm
To keep off death's pale dart.

The Magic of a Siphon.

When a pipe shaped like the inverted letter U, in which the arms are of equal length, is filled with water and each end of the pipe is put into a separate vessel full of water "the downward pull," or weight, of the liquid in each of the two arms will balance the other, and if the water is at the same level in the two vessels it will remain at that level in both vessels. But if the level of the water in one vessel is lower than in the other, since the two vessels are connected with a pipe full of water, the water will run down from the higher level to the lower. This constitutes what is called a siphon. A siphon itself has no more magic about it than a pencil has when it falls or than any other similar phenomenon in nature, yet some of the siphon's manifestations seem to be not only magical, but almost incredible. —St. Nicholas.

Zeke Knew Rufe.

Rufe was telling Zeke about a terrible escapade he had had the night before after he had crossed the dam at the river and was making for his cabin about a half mile through the dark woods.

"And jest as I stepped inter de brush I hears a funny noise like a shote snortin'. I looks up an' a blue light jumps out er de groun' an' shapes itself into a ghost about six foot tall. Red fire was aflickerin' out er its nose. It stood still kinder, then lifted a long, bony finger an' says, 'I want you, Rufe Jackson.'

"I walks up to it an' shakes my own finger right in its face. 'You mind yore business an' I'll mind mine,' I says an' turns on my heel an' goes right on.

"Now, what'd you er done, Zeke, in a case like dat?"

"I'd er done jest what you done, you durned lyin' nigger."—St. Louis Republic.

CIPHER MESSAGES.

Rules That Will Help an Amateur to Read the Riddles.

Writing in cipher, where letters or figures or characters, grotesque or otherwise, are used to form the words, while it may look formidable to the uninitiated is really not difficult to solve if one will tackle it with care and patience.

The proper way to set about reading an unknown cipher is to find the letter or figure that occurs oftenest. This is sure to be "e," as "e" is by far the commonest letter in the language. The second commonest is "t," and if you find a three letter or three figure batch often of which the last is "e" and the first "t" the middle letter or figure is sure to stand for "h." Any letter or figure standing alone must, on clear reasoning, be "I" or "o" or "a."

The second commonest three letter word in a message of any length is sure to be "and," which gives you three more letters for addition to the alphabet.

Remembering that the commonest doubles are "ee," "oo" and "ff" (in the order given) and the commonest two letter words are "he," "by," "or," "as," "at" and "an" (in the order given), a person should be able to solve almost any cipher message.

FORCED HIM TO SING.

An Occasion When Abell Made Up His Mind In a Hurry.

It is probable that on no occasion has any other musician had to practice his art under more disagreeable circumstances than that in which Abell, a singer of the seventeenth century, once found himself.

It appears that while Abell was rambling through Poland he was sent for to go to court, and after evading the request by excuses for a short time he was commanded to attend. At the palace Abell was placed in a chair in the center of a spacious hall and suddenly drawn up to a great height. The king, with his attendants, appeared in a gallery opposite him as he sat thunderstruck in his suspended chair. At the same instant several bears entered the hall with their keepers.

As the singer gazed in horror at these ferocious creatures the king calmly inquired whether he preferred to sing or be let down among the bears. The singer's choice, of course, was quickly made, and he afterward declared that in spite of his terror he never sang better in his life, although he admitted he might have introduced a few more "shakes" than usual in his songs.—New York Press.

Fata Morgana.

The kind of mirage known as fata morgana is seen across straits or lakes in southern Europe and shows in calm weather such images in the air as those of towns, castles and palaces. On the Lake of Geneva it is sometimes seen on fine afternoons of spring or summer. F. A. Forel, the well known Swiss investigator, has been giving some attention to the curious apparitions and concludes that they are due to a peculiar distribution of temperature in the air over the water. In the morning, the air being cooler than the lake, the opposite bank seems to be depressed, exaggerating the earth's rotundity, and late in the afternoon, the air having become hotter than the water's surface, the opposite bank apparently rises above the true horizon and the earth's circumference is enlarged. For a few moments only, at the change from one condition to the other, the fata morgana may be seen.

Why He Had to Have an Office.

An inherited fortune and the disposal of an organized business enabled a well known Chicagoan to retire. He had the inclination for leisure, but could not surrender the idea of having a definite business abiding spot. He rented an office in a lofty building and went to Europe. After a six months' absence he returned, looked the building over and went to South America. Then after again verifying the report that the building was not crumbling, he took a jaunt to Japan. Not long ago one of his old cronies said:

"Frank, why don't you give up your office? You don't need it."

"That's true," said Frank. "I would give it up, but I don't know what to do with the rug."—Chicago Post.

News About Two Great Men.

Even Franklin himself would be surprised at the following information gathered from a freshman's essay:

"Franklin's education was got by himself. He worked himself up to be a great literal man. He was also able to invent electricity. Franklin's father was a tallow chandelier."

This followed:

"Sir Walter Raleigh was put out once when his servant found him with fire in his head. And one day after there had been a lot of rain, he threw his cloak in a puddle and the queen stepped dryly over."—Everybody's.

Scarcely English.

It was the lunch hour and the bookkeeper had contrived to have five minutes' chat with the girl who kept the petty cash. He was in love with her and had summoned up sufficient courage to propose.

"Marry you?" exclaimed the girl. "Good gracious, no! I don't want nothing to do with you. I wouldn't marry you—not if you was the last man on earth. Is that plain English?"

The bookkeeper was mortified.

"It is certainly plain enough," he admitted, "but I'm afraid I can't conscientiously call it English."—London Answers.

Fall Track Meet

The regular fall track meet of the Sonoma, Napa, and Solono Counties Athletic League will be held at Cloverdale Saturday Oct. 19, 1912. Recreation Park has been put in shape for the meet and arrangements are being completed to accomodate the large crowd of visitors expected that day. The ladies of the churches are preparing to serve lunches to the visiting athletes and their friends at reasonable rates. The athletes of the various schools are diligently training for the event and all indications point to a very successful meet.

The following schools are members of the league and will compete that day, Armijko (Fairfield), Vallejo, Benicia, Napa, St. Helena, Petaluma, Santa Rosa, Analy (Sebastopol), Healdsburg, and Cloverdale.

Spoke for Wilson

Miss Hester Hosford, a well known author, addressed a large gathering of men and women in Odd Fellows hall last Friday afternoon. Miss Hosford is a very brilliant woman and made one of the best speeches of the campaign. She was listened to with much pleasure. An effort will be made to have her here for a night meeting before the close of the campaign. She was introduced by Mrs. J. B. Sanford, president of the local Women's Woodrow Wilson club. Miss Hosford went from here to Eureka where she addressed a large audience Saturday night. While here, Miss Hosforde was entertained by Senator and Mrs. J. B. Sanford.

Sore at Progressives

It is rumored that an order to renew their citizenship, several of Point Arena's prominent "disfranchised" Republicans will visit Ukiah shortly for the purpose of taking out naturlaization papers. Others there are who think it is easier to be Wilsonized than pass through the eye of the Progressive needle and retain their Republicianism.—Record.

Ties Burned

About 7,000 ties were burned in the Caspar woods at what is known as Hash's camp. The fire is supposed to have started from a log rolling down from where some cut over land as being burned over. The rest of the pile was saved by the Orr Brothers, who fought the fire and put it out and watched the fire a night for fear it would start again.—Advocate.

LEAVING THE SHIP

Rules of the Sea When an Ocean Liner Is Sinking.

WOMEN AND CHILDREN FIRST.

After They Are All Safe In the Lifeboats It Is Every Man For Himself In a Desperate Fight For Life, With Officers and Crew Trying to Keep Order.

"The women and children first always, and after them—hell."

This was the way the "rules of the sea" were explained by a veteran captain of a big Atlantic liner. He was asked to explain in detail just what would take place on a big steamer when she was sinking and the order to "abandon ship" had been given.

"On the deep sea we use force if necessary," continued the skipper, "to keep back the men and let the women and children get the first chance at the lifeboats. But once they have been loaded then it becomes a case of each man for himself, and, while the officers and crew would try to keep a semblance of order, they have no right to give preference to any one. The first ones in line are the ones to get on the boats. Perhaps they have fought and struggled to get in line. We have nothing to do with that."

"Aren't the old men and the sick men put off first, before the healthier ones?" he was asked.

"Not unless the healthier and stronger ones deliberately give up their places," he answered. "There are no sick aboard when danger calls. All are supposed to be well enough to look out for themselves. And so far as the old men go—there is nothing in that. They are certainly not given the preference. Old men have lived their lives. Let the young men have the chance to live theirs. This is the way it is looked on at sea. Besides, young men can be of help in a boat, while an old man just makes that much more dead weight.

"You must remember that when such a gigantic calamity faces you the little finenesses of life are thrown aside. Men become animals, brutes with the first instinct—that of self preservation. Some are stronger than others and put this desire under control. Others yield to it and become wild beasts, fighting and biting and clawing their way to help. Sometimes we have to shoot this kind—shoot them down like we would mad dogs—if they try to interfere with the orderly first steps when the women and the young are being looked after. But later, when it becomes a free for all, then then type has fuller play. You cannot blame them. Life is sweet, and they are justified in doing all they can to save themselves. All we seek to do is to stop them from interfering with those who cannot protect themselves and so have not the same chance of being saved."

According to the description of the method of abandoning ship which is practiced in daily drill, the passengers as far as possible are gathered in the assembly rooms when the captain realizes that his ship is in desperate straits. Every measure is employed to calm them, and while the officers and crew take their appointed stations the passengers are told that it has been deemed best to take to the lifeboats.

While the passengers are held in the saloons the crew strip the lifeboats of their incumbrances, rig the falls and then lower themselves in the boats from the boat deck down to the upper deck, where the boats swing from the davits, touching the ship's side just below the rail.

Say there are eight lifeboats on each side of the vessel. Lanes are formed of members of the crew, and through these lanes the women and children are passed to the officer who stands at the railing and who hands the passengers over the rail into the lifeboat with the help of two of the boat's crew.

If any men try to break through these lines they are thrown back. If they persist and become a menace to order they may be shot. Each officer is armed with a brace of pistols for use in just such emergencies.

In each boat there is food of a compressed sort and water. The boats handle from fifty to seventy persons each, including the sailors who man them. Each boat is commanded by an officer. The surgeon, purser, engineers and other staff officers take their turn in the boats when the list of line officers has been exhausted.

Once the women and children are put in the boats the men take their turns if there is room left.

It should be said that in loading the lifeboats absolutely no distinction is drawn between the different classes of passengers. The women and children of the steerage are given the same consideration as their sisters in the imperial suits.

The horror of abandoning the ship lies in the enforced separation of members of families. Fathers and brothers are torn from the arms of mothers and daughters. The children must go. There is a "must," too, as regards the women, but if a wife should decide to remain behind with her husband it is doubtful if the "must" would be enforced.—New York World.

Wise Physician.

"I told the doctor I was tired of waiting, so he asked me to put out my tongue and close my eyes. Kept me that way for ten minutes."

"And meanwhile?"

"He attended to four other patients."—Louisville Courier-Journal.

HIGH SCHOOL NEWS NOTES

By Laurie Layman

School has been very quiet this week. However everything is running smoothly and is getting on a firmer basis. Improvements are being made right along and the latest to be added is double partition between the commercial and typewriting rooms. This will enable both rooms to be used at all times as the noise from the typewriters will be kept from interfering with the other class. The greenhouse is just about finished while the Agricultural Building has been fitted up so that the clasess in Botany and general science will be able to take up their studies in their own special room.

Saturday afternoon the annual interclass meet was held at the Ukiah Race Track. The affair was a handicap meet, being the first of its kind to be held in Ukiah Valley. It was a decided success and many exciting races were pulled off as a result of the Handicap. The juniors succeeding in winning first place with 58 points while the Seniors and Sophomors took second and third places with 37 and 12 respectively. The Freshmen entered no team. Meyers and P. McNab were the stars of the Juniors annexing 16 and 10 points. Caughey of the senior was the individual star, annexing 18 points. Alensby of the Sophomores scored 11. Other men who took places were Grondorf 11, L. McNab 10, Lawson 8, Linser 8, Chicourat 7, Ford 4, Prather 3, and Shearer 1. The relay team ran their races in 3:33 without opposition, which is some time.

The Student body met Monday to finish up some business and to hear various reports.

Bean Season Closed

The Lake County Canning Co.'s (Wambold) cannery closed its season Wednesday noon of this week, following the closing of A. Mendenhall's cannery by about a week. The frost of the past few nights nipped the beans. Both canneries had good seasons and splendid beans, those of Mendenhall being more injured by the Septebmer rain than the other. Wambold's is said to have packed 22,000 cases, while Mendenhall's put out 25,000 cases of the epicurean product. The Lake County Co. is now shipping out a considerable crop of potatoes grown on part of their land.—Cear Lake Press.

Order to Show Cause

In The Superior Court of the State of California, in and for the County of Mendocino.

In the Matter of the Estate of Lucy R. Lydick, also known as L R. Lydick, also as L. R. Lydrick, deceased.

Order to Show Cause Why Order of Sale of Real Estate Should not be Made and Ordering Publication.

Lillie Lydick, administratrix, of the estate of Lucy R. Lydick, also known as L. R. Lydick, also as L. R. Lydrick, deceased, having on the 9th day of October, 1912, presented and filed herein her verified petition, asking for an order of sale of all the real property of the above named decedent, which real property is bounded and particularly described as follows, to wit:—

All that certain lot, piece or parcel of land, situate, lying and being in the County of Mendocino, State of California, and bounded and particularly described as follows, to wit:—

The Northwest quarter of the Northeast quarter of Section Twenty, in Township Nineteen, North of Range Seventeen, West of Mount Diablo Base and Meridian, and containing Forty acres.

(Saving and excepting therefrom certain Right of Way heretofore deeded by the said deceased to the County of Mendocino,) and which is fully set forth in said petition at private sale, for the purpose and reasons set out in said petition, and it appearing to the Court therefrom, that it is necessary to sell said real estate, and the whole thereof, to pay the claims against said estate, the debts, expenses and charges of administration, and it likewise appearing that it is for the best interest, advantage and benefit of said estate, and those interested therein, that said real property be sold.

It is Therefore Ordered by the said Superior Court of the county of Mendocino, State of California, that all persons interested in said estate of said Lucy R. Lydick, also known as L. R. Lydick, also as L. R. Lydrick, deceased, appear before said Superior Court of Mendocino County, State of California, on Monday the 11th day of November, A. D., 1912, at 10 o'clock, A. M., of said day, at the Court Room of the Court House, in Ukiah, Mendocino County, State of California, then and there to show cause, if any they have why the said order should not be made directing and authorizing said administratrix to sell the said real property set out in said petition, and hereinabove set forth, at private sale, for the reasons set out in said petition.

It Is Further Ordered, that a copy of this order, be published in the Dispatch-Democrat, a weekly newspaper, printed and published in Mendocino County, California, for at least four successive weeks prior to said 11th day of November, 1912.

Dated this October 9th, 1912.

you're going to need clothes, and if you're the sane, sensible man we think you are--- you're going to consider this one plain question:

"Where can I get most Style, most Wear, most Satisfaction, in clothing-at the least cost."

Everybody claims to give the most for the least. This time we are not going to. We simply say, "Grant us the favor of a few minutes of your time, so that we can show you what we have and actually demonstrate what we think."

"IN A BAD WAY"

Many a Ukiah Reader Will Feel Grateful for This Information.

If your back gives out;
Becomes lame, weak or aching;
If urinary troubles set in,
Perphaps your kidneys are "in a bad way."
Don't delay—use Doan's Kidney Pills.

Here is good evidence of their worth.

F. R. Oldham, 316 North Main St., Petaluma, Calif., says: "For two years I suffered terribly from pains in my back and for six week I could lie down for only a few minutes at a time. When I was on my feet the trouble was less severe but the moment I sat down I began to suffer from acute twinge in my left hip, extending as far as my ankles. I used plasters and liniments but did not receive much relief. Two years ago I was induced to get Doan's Kidney Pills, and Iam glad to say that they fixed me up in good shape. About a year later when I again felt in need of a kidney medicine, I took Doan's Kidney Pills and they broght me entire relief. I have often recommended this remedy and shall continue to do so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York sole agent for the United States.

Remember the name—Doan's—and take no other.—Adv.

If you have young children you have perphaps noticed that diosrders of the stomach are their most common ailment. To correct this you will find Chamberlain's Stomach and Liver Tablets excellent. They are easy and pleasant to take, and mild and gentle in effect. For sale by All Dealers. Adv

Discovered Through Chance.

By mere chance Professor Roentgen suspended a Crookes tube, through which an electric glow was playing, over a table that had a package of photographic plates in a drawer underneath. On the table happened to lie a bunch of keys. When the plates were taken out to be used they were found to be impressed with shadowy images of the keys. So the wonderful X rays were discovered. In this case, too, a frog chanced to play an interesting part. One was put, with other objects, on the table in order to get a shadow photograph on a plate in the drawer, and when the photograph was developed the skeleton of the frog was revealed in the picture. Thus it was learned that X ray photography could be employed to picture the internal parts of living animals.—New York Journal.

Wilson's Stand Regarding Japs

The respective attitudes of Woodrow Wilson, the Democratic presidential candiate, and Theodore Roosevelt, the Bull Moose candidate, upon the Japanese question, make an issue which is quite as important, so far as California is concerned as are either the tariff or the trusts the two big issues of the present presidential campaign. And nowhere are the two presidntial candidats more clearly opposed than upon this question, which once was, and is bound again to be, a burning issue in California.

On the one hand stands Roosevelt asking that the Japanese be naturalized, that they be allowed to own land, and to attend school with white school children of tender years.

On the other hand stands Wilson declaring: "I stand for a national policy of exclusion, in the matter of Chinese and Japanese coolie immigration. We cannot make a homogenous population out of people who do not blend with the Caucasian race. Their lower standard of living is a most serious industrial menace."

In his message to Congress in December, 1906, Roosevelt recommended that "an act be passed specifically providing for the naturalization of Japanese who come here intending to become American citizens."

Discussing, in that same message the disturbances in San Francisco over the exclusion of grown Japanese men from the public schools attended by young boys and girls, Roosevelt threatened California "with all the forces, military and civil, of the United States which I may lawfully employ."

This is what Woordow Wilson says on the Japanese question:

"In the matter of Chinese and Japanese coolie immigration I stand for a national policy of exclusion The whole question is one of assimilation of diverse races. We cannot make a homogenous population out of people who do not blend with the Caucasian race. Their lower standard of living as laborers will crowd out the white agriculturists and is, in other fields, a most serious industrial menace.

"The success of free Democratic institutions demand of our people education, intelligence, patriotism and the state should protect them against unjust and impossible competition. Remunerative labor is the basis of contentment, Democracy rests on the equality of the citizen. Oriental coolieism will give us another race problem and surely we have had our lesson."

Education Board Meets

The county board of education held a special session in Ukiah last Saturday, all the members of the board being present except Walter Hargrave of Covelo.

The first matter considered by the board was the acceptance of the agricultural building at the Ukiah high school and the building was accepted. The board recommended high school life diplomas to Mrs. Luella Biggar, J. S. Cotton and Mary Underhill. They recommended a grammar school life diploma to Miss Jennie Goodrich.

ZUMWALT OPENS HIS CAMPAIGN IN SACRAMENTO

(Special to Dispatch)

I. G. Zumwalt, Democratic Nominee for Congress, fired his first gun in Hammonton, the big dredger city of the Sacramento valley, on Monday night, addressing an audience that packed the house to its utmost capacity, a great many being seated on the front part of the stage, standing in the aisles and large numbers in the back part of the hall, being unable to get seats. The Hammonton band was out and furnished the music, both on the street, in the hall and for the social dance that followed the meeting.

This is a very strong Republican community, yet the greatest enthusiasm was shown and not a single voter left the house.

Zumwalt made a masterly and forcible address and at the conclusion of the meeting scores of Republicans crowded around him and promised him their loyal support.

In this section Zumwalt is well known and it is freely predicted he will get a great many more votes in Yuba County than both his opponents combined.

Zumalt left this morning for day meetings at Brown's Valley and Smartsville and will then proceed to Wheatland, where he will speak to a crowded house to-night.

Itinerary for this week is Live Oak and Gridley 17th; Durham and Biggs 18th; Oroville 19th.

F. M. Rose, Secy. to I. G. Zumwalt.

MRS. ADELIA SROUFE PASSES TO REST

Died In Ukiah, Tuesday, Oct. 6, 1912, Mrs. Adelilia A. Sroufe, beloved mother of Mrs. W. F. Thomas, of Ukiah.

Mrs. Sroufe was born in Des Moines county, Iowa, June 24, 1836, and when 16 years of age moved to California with her parents. The family settled at Petaluma in 1852, she being married there Oct. 31, 1858. Her husband died in Humbldt county 34 years ago.

She came to Ukiah about three weeks before her death to make her home with Mrs. Thomas here, but began to fail almost at once. She was perfectly reconciled to her approaching death and made arrangements for the disposal of the remains, and was happy and bright until the very last.

A funeral service was held privately at the Thomas home on the 8th and the following morning the remains were removed to the funeral parlors of Hutchison and Roeder and prepared for shipment. They were sent to an Oakland crematory and consumed, the ashes remaining there in a niche.

BUICKS ARE GOING LIKE HOTCAKES

The Buick sales agent for Ukiah, Orville Kellen, has been making a record the past few weeks. A. L. Romer has ordered a 1913-28 car which will be here within a week. Tom Garner has ordered a 40 horsepower Buick which will be delviered as soon as the city house can supply it.

F. W. Broback is delighted with his Buick. He says that the cost of upkeep has been very cheap, amounting to much less than was represented. In addition it will go farther on a gallon of gasoline than any other car he knows of and as for hill climbing it will go up anything short of straight up. Mr. Broback is certainly an enthusiastic Buick booster.

Mrs. Henry Marks left yesterday for a visit in San Francico.

Notice to Bidders

Notice is hereby given that the undersigned Clerk of the Board of Supervisors of the County of Mendocino, State of California will receive at his office in Ukiah, said County and State, up to 1:30 p. m. of Wednesday November 13th, 1912, sealed bids for the construction of the Hardy and Jaun Creek Wagon Road, in the 4th Road District, together with all bridges and culverts thereon, according to plans and specifications therefor adopted by said Board of Supervisore on the 7th day of October, 1912. There will be a copy of said plans and specifications on file in the office of said Clerk at his office in Ukiah, one at the Grand Hotel in Fort Bragg, and one at the residence of Supervisor Branden, also at Fort Bragg, to which said copies all bidders are hereby referred.

The said Road and all bridges and culverts thereon must be completed according to plans and specifications and ready for travel on or before July 1st, 1913.

All bids must be sealed and in writing, and accompanied by a certified check for 10 per cent of the amount of the bid.

The Board of Supervisors reserves the right to reject any and all bids.

Witness my hand and seal this 8th day of October, 1912.

Hale McCowen, Clerk of said Board of Supervisors of Mendocino County, California.

By Hale Prather, Deputy.

Seal.
